

THE PRODUCT YOU NEED, PLUS THE PEOPLE YOU WANT.

## EHR Technology – Ready to Switch?

### eClinicalWorks Services from Medical Advantage Group

Getting your practice where it needs to be with today's demanding EHR regulatory requirements is a daunting challenge. But success – and peace of mind – can be achieved with the right equation: an industry-leading EHR platform, along with a team of local dedicated experts who will help your practice make it work.

**That equation is eClinicalWorks plus Medical Advantage Group.**

#### **eClinicalWorks 10e: The EHR solution you've imagined.**

eClinicalWorks is the award-winning EHR market leader for ambulatory environments, including primary care practices. eClinicalWorks has continued to rigorously evolve its platform to provide one of today's most comprehensive and successful solutions, used by over 850,000 health care professionals across all 50 states and 24 countries worldwide.

**The eClinicalWorks 10e EHR Suite** is a fully unified EHR/PM system that has all of the functionality needed to support practices and enterprise groups of all sizes and specialties. A single database is used to link patient demographics and medical records to insurance, billing, and claims data. These features make this a next-generation EMR, elevating the role of the system from passively collecting information to actively helping providers give the best medical care possible.

There's a reason why hundreds of thousands of medical professionals around the world have made the move to eClinicalWorks to meet their current – and future – EHR needs. eClinicalWorks has made healthcare faster, smarter, and more convenient, with a comprehensive platform that provides a complete solution:

- Enhanced patient workflow
- Flexibility across devices
- Patient engagement tools
- Customizable and flexible
- Meaningful Use certified

**Medical Advantage Group: Your partner in success with eClinicalWorks.** Partnering with Medical Advantage Group for your move to eClinicalWorks can take you to the next level beyond acquiring the ideal EHR system... to establishing the ideal *long-term management solution* for your practice or organization.

Medical Advantage Group brings 20 years of experience rooted in the perspective of the medical practice, helping

physicians to improve patient care while reducing costs, improving quality, and achieving regulatory compliance with a portfolio of consulting services.

Practice management technology has been one of our many areas of expertise, and we provide a level of personal and consultative service and support that goes far beyond just providing the eClinicalWorks product and licenses, including:

- Implementation, including pre-implementation workflow analysis of your practice, onsite staff training, customization, and more.
- Optimization, tailoring the product to suit your staff and processes (rather than the other way around), enabling you to get the most out of your system for your specific needs.
- Support, from our own U.S. call center, to liaising on your behalf with eClinicalWorks technical staff, to onsite visits from our practice consultants.
